New Smoking Fetish Movies added at [Smoking Flicks](#)

We've added new videos at [Smoking Flicks](#) – the smoking fetish movie streaming and download site. They're from Bob's Videos, and these focus more on smoking ability, glamour and nudity – than on hardcore. They include Yenna smoking on an exercise machine and smoking a large cigar, as well as open-mouth and snap inhales, thick cone exhales, frenches and a lot more.

Come check them out at [Smoking Flicks](#)
